

emergency  
conversion equipment

# Rempack

**150mm**

other sizes available upon request

## Product Description

Remote emergency packs for the conversion of fluorescent luminaires to operate in emergency mode.

## Product Features

- Suitable for an extensive range of compact fluorescent, T8 and T5 fluorescent tubes
- Emergency modules incorporate five pole changeover relay suitable for both high frequency & switch start control gear
- All emergency modules BSI Certified and Kite Marked to BS:EN 60924/925
- Control gear can be integrally mounted as pictured above or supplied separately
- Batteries are manufactured in accordance with EN 60598-2-22 and have a four year life, 55C rated control gear if required
- Rugged corrosion resistant outer steel box with a 300mm wiring loom
- Consists of box emergency module, battery, loom and LED charge indicator

other sizes available upon request

## Specification

- Three hour duration in power fail mode
- Recharge period 24 hours
- Deep discharge protection for extended battery life
- Soft start pre-heated lamp cathodes for extended lamp life
- Short circuit protection for added safety
- Permanent and switched supplies are fuse protected for added safety

## Module Dimensions

	Width	Height	Length	Fixing Centres	Cut Out
Rempack	146mm	50mm	440mm	105mm x 385mm	150mm
