

Self contained luminaire

Levanti

IP65 Surface mounted luminaire

Product Description

A superb partnership of die cast aluminium and impact resistant polycarbonate, this high quality IP65 architectural luminaire utilises energy efficient TC-L Compact Fluorescent and provides a combination of direct illumination and a coloured back light halo.

The Levanti is of the very highest standard and is eminently suited to design led projects. Three versions are available, white, green or blue back light.

The stylish housing contains energy efficient high frequency control gear and there are emergency versions as well.
