

Self contained luminaire

Serchio 20

2 x 20 watt twin spot high level emergency luminaire

Product Description

An emergency luminaire developed specifically for applications with higher mounting heights where a good level of emergency directional floodlighting is required for specific areas.

Product Features

- **Body:** Fabricated from corrosion resistant white (RAL 9010) powder coated steel
- **Must be mounted vertically on walls or stanchions**
- **Twin head fully adjustable projectors incorporate 20 watt tungsten halogen lamps for maximum illumination**
- **SVLA lead acid batteries are charged and monitored via a temperature compensated pulse charger with short circuit protection and reverse polarity protection**
- **Ambient temperature 0 to 25 Centigrade**
- **Premium quality sub components assure a trouble free service life**
- **Three hour duration in the event of a mains failure**
- **Designed to BS EN 60598-2-22**

Applications

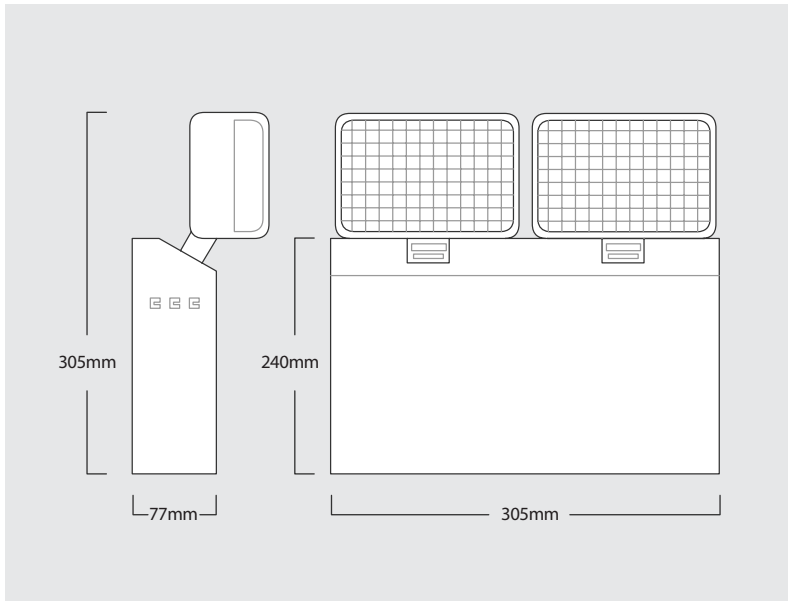

- Warehouses
- Factories
- Sports Centres
- Atriums

Serchio 20
